Dear Friends and Neighbors

SACA Development Corporation is working to develop an affordable housing project in the South Duke and Chesapeake Streets neighborhood. The project will be called Conestoga North and will eventually house 20 new townhouses for sale to first time homebuyers.

As neighbors and property owners, we would very much like to explain the project to you and get feedback from you as to design and other aspects.

In order to introduce you to the Conestoga North project, we are inviting you to a reception and briefing on

Wednesday, January 11 at 6pm at Café Centro, 102 Chester Street (Tec Centro).

Food and beverages will be served.

Best regards

Carlos Graupera

President
